Subject: Local WIB definition of **Local Dependency Policy and Procedures**

Effective Date:

June 1, 2004

Local dependency policy and procedures:

Youth who are 18 to 21 years of age may be considered non-dependent for the purposes of eligibility verification if they reside in the home and are not claimed as a dependent on their parent or guardian's most recent income tax return. In instances where a youth is not claimed as a dependent on their parent or guardian's most recent income tax return, his/her eligibility determination will be based on his/her includable income. The first source of verification should be a copy of the parent or guardian's income tax return. In the absence of such documentation, the applicant may provide a written statement or self-certification with an appropriate corroborating signature.
